Trade Name (Fictitious Name) Registration

The Circuit Court Clerk’s Public Service Center handles filing of Trade Names (Fictitious Names).

A Fictitious Trade Name is required if a business is conducted in Virginia under a name other than the owner’s legal name. An assumed or fictitious name certificate must be filed in the office of the Clerk of Circuit Court in each county or city where business is to be conducted. No person, partnership, limited liability company or corporation may conduct or transact business in the Commonwealth under any assumed or fictitious name until they file a certificate in the Circuit Court Clerk’s Office in the county or city in which their business is conducted pursuant to Virginia Code § 59.1-69.

Businesses registered with the State Corporation Commission may file a Trade Name at the local level if it is conducting business under a different name other than the name that is registered with the State Corporation Commission. If you are conducting business under the name registered with the State Corporation Commission, you are not required to file a trade name on the county level. The types of businesses registered with the State Corporation Commission are General Partnership, Limited Partnership, Foreign Limited Partnership, Corporation, or Limited Liability Company.

Businesses registered with a Foreign State Corporation Commission must register with the Virginia State Corporation Commission in Richmond as a foreign corporation before registering a trade name on the county level.

You are strongly encouraged to consult with an attorney concerning the protection of your business trade name. A trade name filed at the local level does not have the same status as those filed with the State Corporation Commission.

To avoid duplication of a business name, it is recommended that the owner review the Trade Name Index on the Land Records Management System (LRMS) in the Circuit Court Clerk’s Public Service Center for names already recorded.

All persons who register a trade name who do not reside in the Commonwealth of Virginia are required to provide the name, address and phone number of a Virginia registered agent for purpose of service of process.

(1) Taxpayers intending to appeal an assessment should immediately provide a written Notice of Intent to Appeal to the local assessing officer to stop collection activity.

(2) If the appeal is incomplete, taxpayer is informed and given 30 days to complete it.

(3) Taxpayers intending to appeal a local assessing officer’s determination should immediately provide a written Notice Intent to Appeal to the local assessing officer and to the Tax Commissioner to stop collection activity.

As the chart above indicates, the taxpayer must first file an Application for Review before an appeal of a local business tax assessment can be made to the Tax Commissioner. Audit Selection Overview

Audits may be selected based on a number of factors. Listed below are several typical reasons.

1. The auditor must analyze each commercial and industrial zoned parcel within the City of Manassas.

2. A Business that is NEW to the City and fails to file a business personal property return or files an inaccurate return is selected for audit.

3. A Business that is NEW to the City and files an accurate business personal property return is selected for audit in its second or third year of business.

4. A Business that has increased significantly in assessed value would be selected for audit, and likewise;

5. A Business that has a significant reduction in assessed value would be selected for audit.

6. Assessor’s request

7. Taxpayer's request

8. During the study of a specific type of business (i.e. gas stations, fast food chains, etc.) all comparable properties may be selected.

9. The scope of an audit will be expanded to include all locations of that business.

10. The top 75 revenue-producing accounts

11. A random selection by generating a list from the database and systematically selecting every 18th account, discarding those accounts that do not have a complete filing history within the statue and any accounts audited within the past two years.
